BRIDGE VALLEY

Adventure Centre

Located in the beautiful Nelson New Zealand, Bridge Valley Adventure Camp brings a great camping experience to thousands of people every year.

The Camp is packed full of many different activities, including a man-made lake, high ropes course and an off-roaders track. It has a range of accommodation options from motel style rooms, cabins with ensuites and small dorm style rooms.

Surrounded by great views and farm lands it's easy to forget about the busyness of life back home while staying at Bridge Valley. This special environment of peace and serenity quickly transforms into a busy heaven of fun and excitement as children, teenagers and adults pour into Bridge Valley and begin to create memories and experience for a lifetime.

Our camp is passionate about giving people the opportunity to push themselves to new levels of confident, to do things they have never done before and to experience the thrill of achieving a goal they never dreamed possible.

We encourage a healthy lifestyle through the menus and programs we offer, the games we play and through the language we use while coaching our guests through different on-site challenges such as rock climbing.
