

Location

- 40 minute ferry ride from Auckland's CBD
- Pest free native bird and wildlife sanctuary; one of the Hauraki Gulf's Treasure Islands
- Nestled in a beautiful valley on the doorstep of a secluded beach
- Steeped in significant cultural and natural history
- Conservation backed with action; MOEC hosts NZ largest off grid photovoltaic (solar electricity) system, solar hot water, recycling and environmental activities aiming to monitor and restore our surrounding land and water

Accommodation Options

- 3 different accommodation areas to choose from ranging from 10 to 184 beds and a total capacity of 250 people
- Options to self cater or bring in your chosen professional caterers
- Drying room, hall, museum and other great spaces to support your programme

Leaders in Outdoor & Environmental Education

- Winner of the Outdoors NZ Organisational Award (2011)
- Winners of the Outdoors NZ Environmental Leadership Award (2014)
- Industry trained instructors and professional support staff
- Wide range of activities, both instructor run and self-directed
- Outdoors Mark Safety Audited since 2009
