

Tongariro National Park

The Crossing offers a relaxed and friendly atmosphere, accommodating up to 105, with central heating throughout.

Set up with school groups in mind, the Lodge allows for separate quarters for Boys and Girls with Adults rooms interspersed for ease of supervision.

We offer excellent value, quality Home-style meals, providing balanced nutrition to meet the demands of your camp, in quantity to ensure everyone is well fed.

The spacious Dining, Lounge and outside areas provide for class time and evening recreational activities.

Away from outside influences like shops and bars, and with its fun and sturdy decor, the Lodge affords relaxed supervision in this safe environment.

All this makes The Crossing the ideal base for your Tongariro National Park activities.
